## Rules and Regulations

OMSA registers all U10 and older youth teams to play in leagues organized by CMSA. Therefore all coaches must be familiar with the CMSA Club Administration Rules of Play (available on [www.calgaryminorsoccer.com](http://www.calgaryminorsoccer.com)). Failure to know the rules does not excuse any coach from violating the rules which may result in OMSA being fined or issued discipline by CMSA.

## Game Schedules

All CMSA games are scheduled by CMSA. League schedules and game locations are available on the CMSA website; [www.calgaryminorsoccer.com](http://www.calgaryminorsoccer.com). It is the responsibility of OMSA coaches to communicate the location for games played on community fields to parents, and as requested, coaches of away teams.

## CMSA Game Re-Schedules

Please refer to the CMSA website for game rescheduling policy due to rainout.

**U10 and Competitive B** teams are not required to reschedule games due to rainout. If both teams decide to reschedule, contact the CMSA Director of Programs with the new game information.

Player placement appeals may be made to OMSA within 48 hours of team announcements. All appeals must be submitted in writing to the Director of Programs. All appeals will be reviewed by OMSA before league play begins. All appeal decisions are final.

## **Team Formation Process**

The most important purpose of the team evaluation process is to place players on teams with other players of a comparable skill level and to play against other teams of comparable skill level. It is the experience of OMSA that this is the best way to secure player's enjoyment of the game and maximize opportunities for individual skill development and confidence. It is extremely important to reassess each player's skill development season to season to assure that they remain properly placed.

It is of paramount importance that the team evaluation process is fully understood by players, parents and coaches to be fair providing equal opportunities for all players participating in the evaluation process.

Head Coaches will evaluate their team players prior to the end of each season. The player assessment will be completed on the OMSA Coaches Player Feedback Form and will be returned to the Director of Programs. The purpose of the OMSA seasonal player assessment is to monitor player development and contributions to

team performance. Parents and players that wish to review their player feedback will contact the Director of Programs to arrange a meeting. Player assessments are confidential in nature, the property of OMSA and not available for distribution.

OMSA will make a continuous effort to build a strong team of soccer evaluators to always conduct evaluation of players in a fair and unbiased manner. Core competencies of the team evaluation process include a measure of fitness and assessment of each player's technical and tactical abilities utilizing short sided games and scrimmages in varying degrees.

The formal evaluation process will select the players for each team based on the number of teams, number of players and level of play for each team; for example Premier and Competitive Leagues. OMSA may from time to time consult with specific team coaches allowing them with a choice of up to three players to finalize team rosters. The choice of up to three players will be made only from an approved list of players supplied by OMSA. Players not provided for bubble cut considerations cannot be selected for movement using the bubble cut process.

Upon the completion of player evaluations new players and one season only players will be placed on teams at the discretion of the OMSA team evaluators. Guidelines for team placement are as follows:

- A new player that has never played soccer may be placed with a team in the lowest level of play in the age group.
- One season players that play year to year initially will be placed on teams of the same level of play during their previous season with OMSA.
- New players to OMSA with playing experience will be placed on teams at the discretion of OMSA team evaluators in consultation with team coaches.

### **Player Recruiting**

Consistent with CMSA policy; "Recruiting of players" is defined as any effort, action or direct solicitation of a player who is currently playing on another team or club with the committed offer of a roster position on another team. OMSA prohibits recruiting of players from other OMSA teams or other club teams. CMSA Club Administration Rules and Regulations are clear related to recruiting of players from other clubs.
